

Features

- Solid stainless steel frame
- Comfortable carrying handles
- Convenient, space saving and compact design
- Can withstand voltage fluctuations of up to 10%
- 5m power lead
- Easy-start
- Shock absorbing buffers
- Brass pump head
- Ceramic-coated stainless steel pump pistons
- Continuously adjustable pressure control
- Dry-run safety
- Total-Stop system
- Trigger gun with safety catch
- Stainless steel lance with flat jet nozzle
- 10m Steel braided high pressure hose

Technical Specifications

Kränzle Contractor 11/130 TS

Details	HD 11/130
Operating pressure	30 - 130 bar
Max. admissible overpressure	145 bar
Water output	11 l/min
Nozzle size (flat jet)	20042
Dirtkiller lance	Yes
Max. inlet water temperature	60°C
Hose drum	No
Chemical injector	Additional
Connected load - 50Hz	13.5 A
Motor speed	1 400 r.p.m
Motor Rating	2.2kW

Sturdy, durable and built for the contractor
