

Features

- Kränzle Quick-release Click System
- Smart storage system, with practical stowing of equipment
- The pressure regulation allows operating pressure to be set to suit any task
- Total-Stop system improves seal life-span and reduces power consumption
- Storage for trigger gun with safety catch and lance
- Hose reel with 12m steel-braided high pressure hose
- 5m power lead with cable reel

Technical Specifications

Kränzle X-line A15 TST

Details	A15 TST
Operating pressure	30 - 130 bar
Max. admissible overpressure	150 bar
Water output	8 l/min
Flat jet nozzle size - Quick-release	20033
Dirtkiller lance - Quick-release	033
Steel-braided high pressure hose	12m
Hose drum	Yes
Connected load	230V, 9.8 A
Power intake	2.25kW
Motor speed	1 400 r.p.m

Compact and convenient
